## CITY ENGINEERING MEMORANDUM

**TO:** CITY COUNCIL MEMBERS

**FROM:** DAVID ROSS, CITY ENGINEER *Ross*

**DATE:** April 27, 1993 *S-93-04-27*

**SUBJECT:** NEED FOR CONSULTANT SERVICES IN CONNECTION WITH  
ENGINEERING FOR ROADWAY IMPROVEMENTS  
BILL NO. S-93-04-27

---

City Engineering Office is requesting proposals from consultants to provide engineering services for the design of improvements to the Lower Huntington Road & Ardmore Avenue intersection and the extension of Ardmore from Lower Huntington Road to Dalman Road.

This is one of the proposed "Transportation Improvement Program" projects eligible for funding assistance through the Indiana Department of Transportation (80% InDOT, 20% City). The City's share will come from CEDIT revenue.

We recommend using consultants for this type of project. Street Engineering Staff has a full work schedule with Resurfacing, Restoration, Rehabilitation projects and does not have the personnel competent to prepare Environmental Study needed for the extension portion of this project.

In compliance with ordinance G-17-89 we are requesting City Council approval of hiring the consultant.
